Creative Nursery Learners

The little Nursery learners did an activity of counting objects, making birthday cake for Mr. Bear. They are also able to unbutton and button their shirt and exhibit their skills on tracing shapes.

Young FS1 Mathematicians

FS1 learners have done a number activity this week. Number sense is very important for young math learners because it promotes confidence and encourages flexible thinking. It allows children to count with understanding and recognize "how many" are in sets of objects. In this activity, they made tiny balls with paper and pasted 3 balls on the pea pod. They did the activity delightfully.

Imaginative FS2 Learners

This engaging 2D Shape Activities of EYFS is sure to add some extra fun to your early years maths lessons. This activity in this booklet are intended to help students visualise and describe shapes and their properties. The purpose of the activities is to encourage students to picture things in their mind and use mathematical vocabulary to describe them.

This wonderful finger painting is done by our innovative FS2 Learners. There are many more benefits to finger painting in early childhood for toddlers, preschoolers, babies and even adults! It is an excellent tactile experience. It stimulates your child's senses. (Touch/feel, sight, smell, edible finger paint, taste)

The Significance of 'Ashura'

The Day of Ashura is marked by Muslims as a whole, but for Shia Muslims it is a major religious commemoration of the martyrdom at Karbala of Hussein, a grandson of the Prophet Muhammad.

It falls on the 10th of Muharram, the first month of the Islamic lunar calendar. It is marked by Muslims with a voluntary day of fasting which commemorates the day Noah left the Ark, and the day that Moses was saved from the Egyptians by God.

For Shia Muslims, Ashura is a solemn day of mourning the martyrdom of Hussein in 680 AD at Karbala in modern-day Iraq. It is marked with mourning rituals and passion plays re-enacting the martyrdom.

Shia men and women dressed in black also parade through the streets slapping their chests and chanting. Some Shia men seek to emulate the suffering of Hussein by flagellating themselves with chains or cutting their foreheads until blood streams from their bodies. Some Shia leaders and groups discourage the bloodletting, saying it creates a backward and negative image of Shia Muslims. Such leaders encourage people to donate blood.
